The Pizza Garden is a perfect way to teach children about responsibility and gardening, while making your area look beautiful by adding flowers to it. This unique planter has eight wedge-shaped sections which can each be used to house different plants. This lets you grow different types of plants in an organized way, without worrying about them growing into each other's space or getting their roots tangled. Plus, this lets you use different types of soil for your different varieties of plants. Children will love learning about what it takes to make plants grow, and will be rewarded for their effort with dazzling flowers!
