Spending the day at a park or outdoor location is an excellent experience for all types of families, but being in the hot sun all day can be exhausting; find instant relief from the heat with Superior Amenities' Shaded Bench. Combining an 8-foot regal bench with a 12/5' x 8' shade, will provide ample relief for all who sit here. The Shaded Bench will provide a cool place of relaxation for kids, adults and other park goers, even on those hot summer days, ensuring your park has a modern, and new-age look. Made from a textured polyethylene, this Shaded Bench was created with top comfort, and relaxation in mind. The powder coat frame will enhance durability, require less maintenance, and resist damage, providing your park with a longer lasting product. For installation, this product requires in-ground mount only to guarantee the utmost safety for all park visitors. For installation with ease, Glide Elbow is also included with purchase.
